PROFILE

Graphic Designer and Social Media Designer based in Lahore, with 4+ years of hands-on experience across 50+ clients in Pakistan, the UK, and the USA. My core work is social media design and print/branding billboards, standees, company profiles plus video editing and motion graphics in Premiere Pro and CapCut. I also use AI tools (ChatGPT, Midjourney, Photoroom, Magnific) as part of my day-to-day design process to produce polished product visuals faster. Comfortable juggling several client accounts at once without dropping quality or deadlines

WORK EXPERIENCE

Senior Multimedia Designer, Seocial9 (Digital Marketing Agency)

April 2021 – Present

- Handle graphic design and social media creative for a mix of national and international clients fashion, tech, construction, food & beverage, wellness.
- Design social media graphics, campaign creatives, and promotional content for client feeds, from concept through to final posts.
- Edit short-form videos and motion graphics for social platforms in Premiere Pro and CapCut.
- Design print and out-of-home work billboards, standees, company profiles for corporate clients.
- Use AI image generation tools as part of the everyday workflow for product and lifestyle visuals.
- Work closely with copywriters and account managers so content stays on-brand across platforms.
